

The 2008 Humantech Scholarship Program

The Humantech Scholarship is intended to encourage college students in ergonomics engineering, or related fields, and to provide additional incentive and career motivation in practical applications.

Three individual scholarships are available annually for students pursuing specific programs in the following areas:

- Ergonomics
- Human Factors
- Kinesiology
- Human Kinetics
- Industrial Engineering

A one-time payment of \$1,500 will be awarded to one student in each of three degree programs:

- Undergraduate (Junior or Senior level)
- Masters
- Doctorate

Requirements:

- A completed online application form
- Involvement in extra-curricular activities and leadership participation in student organizations
- Detailed information about your project work in an electronic document no longer than four pages (four sides, 8.5 x 11 page size), a presentation of no more than ten slides, or a multimedia file. All submitted files must be 10 megabytes or smaller.
- One academic/professional reference we may contact for a letter of recommendation.
- A college transcript (official or unofficial). An official transcript may be requested later if required.

Online Applications:

Applications will be available online at www.humantech.com/scholarship on June 15, 2008. All applications must be received by October 1st, 2008.

2007 Scholarship Winners:

Bobbie Watts, Auburn University

Ms. Watts is pursuing a PhD in Industrial and Systems Engineering at Auburn University in Auburn, AL. She holds a Masters Degree in Industrial and Systems Engineering from Auburn and a Bachelor of Science from Clemson University.

Vivek Pinto, New York University

Mr. Pinto is pursuing a PhD in Ergonomics and Biomechanics at New York University. He holds a Masters Degree in this discipline from New York University and a Bachelor of Science from the University of Pittsburgh in Mechanical Engineering.

Greg Creswell, University of Waterloo

Mr. Creswell will graduate in the spring of 2008 with a Bachelor of Science degree in Kinesiology with the Ergonomics option from the University of Waterloo in Ontario, Canada.
